

Discovering His Treasures

Ministry

“In the natural world God has placed in the hands of the children of men the key to unlock the treasure house of His Word.”

Have you wondered just how much we can learn about God through nature? Have you heard that nature is God's lesson book, but were at a loss to know how to use it? Whether a backyard novice, or a backwoods expert, if you are young in years or young at heart you will be thrilled at God's unending supply of marvelous lessons just waiting to be discovered! ***Discovering His Treasures*** is a ministry dedicated to helping you learn how to use nature as the key to unlock the treasures of God's word!

Who are we?

Discovering His Treasures started as a dream of a few young people to revive a simple yet often overlooked avenue of understanding God's word: through the simple illustrations of nature. We aim to revive the teaching methods of Christ, with a mission of discovery, empowerment, and revival as we delve deeply into the truths of God's word. Our goal is not only to find the lessons in nature, but also to provide materials and hold workshops that teach ***you*** how to find them. We want to reach all ages: from young children and youth to parents and grandparents. Everyone can learn from nature!

What do we offer?

Workshops are designed to give you a taste of the wonders of nature, the lessons that can be discovered, and learn fun, practical ways that you can find your own! The meetings are designed for the enjoyment and learning of all ages and we encourage families to get involved together. It is especially fun if they are held where nature is close by.

Workshops include Bible study, nature slide presentations, nature object lesson activities, and group treasure hunts outdoors (weather/location permitting).

We also have nature materials available for sale online and at the seminars, to help you continue to practice what you learn after the meetings end. Experience the thrill and joy that comes when God teaches YOU lessons from nature!

Topics include:
